We had several Zoom Meetings in April: The Technology Corner SIG, the General Meeting, and the Digital Imaging SIG. The North Bellevue Community Center will be closed through May 31st, thus we will have more meetings in May via Zoom thanks to Steve Powell. We are adding a Social Time before our Zoom meetings: if you join the meeting up to 15 minutes prior to the meeting, you will have some time to socialize with other members. Members will receive the meeting invitation by email.

By member request, our May meeting will be about routers with KEGS member David Dodge as our speaker. How old is your router? When should you replace it? Are some routers better than others? Join us via Zoom for David's informative presentation.

Because of COVID-19 restrictions and prep time needed, we are postponing our yearly Auction to a later not-yet-determined date. Now is a good time to go through all of your computers, electronic equipment, software, accessories, and office items to find items that you may no longer need and can be donated to our Auction. Remember, if a computer is too old (has Windows XP or Vista on it), consider sending it to a recycling location.

Your KEGaBuck\$ will be computed through May 31st as usual and will be available for you to use at our Auction. Yes, you will receive KEGaBuck\$ for attending Zoom meetings.

Stay safe out there.

Gerald Smith — President
