I hope that each of you found the information that Dick Thompson presented at the March General Meeting about Passwords, Password Managers and the LastPass application both interesting and useful. We all know how important it is to use unique and strong passwords but we also recognize that creating and remembering all of the passwords that we need to track can be challenging. I thought that the information that Dick presented to demonstrate that LastPass was a good solution to most password headaches was quite convincing. Clearly, there are several good password managers available on the market and you may find that another one that meets your needs better but you can't beat the price for LastPass. If you don't use a password manager at this time, you may want to give it a try.

It's time to start thinking about the annual KEGS Auction that takes place at our June General Meeting. I encourage each of you to dig around in that closet where you store your computer "stuff" that is not currently in use, or maybe out in your garage, and see if there isn't something in your collection of goodies that you no longer need and that someone else may find useful. As you probably know, we no longer get many contributions of items from hardware or software developers or stores so most of the items that we offer at our auction are contributed by our own members. Please make sure that anything you contribute is complete, including manuals and cables, and is functional. You may give your contributions to a member of the Board or any SIG leader. Also, since most folks don't want old software or hardware for retired operating systems, we are asking that everything you contribute works on Windows 7 or newer systems. Lastly, please label each item that you contribute with the donor's name and a brief description of the item. Thanks in advance for your generous contributions.

The most recent figures from John Tate indicate that forty-five previous members have renewed their KEGS memberships for 2015. I hope that those of you that didn't get around to renewing yet will do so as soon as possible. Renewal forms are available from John Tate, our Treasurer, or you can fill out the form on the KEGS web site, print it out and send it along with your check to the address shown on the form. Please be sure to spell out Komputer Enthusiasts of Greater Seattle and follow it with (KEGS) when filling out the address on your envelope. The folks at USPS apparently need both components of our address in order to ensure that

your letter gets to our P. O. Box. An even easier way would be to bring your completed form and your check/cash to the next General Meeting and give it to John there.

That's it for now. I will see you at the General Meeting or at your favorite SIG. I wish you happy and safe computing!

DRIVING INSTRUCTIONS: Thanks to the improvements to SR 520, you may now use the new NE 40th St exit. If you are driving towards Redmond, exit and turn left to go over the overpass. If you are coming from Redmond, exit and turn right. Go to 148th Ave NE, and turn right. In very short order, you will see the North Bellevue Community / Senior Center sign on the left side of the roadway.

HISTORY & CONTACT INFO:

KEGS was formed in late 1996 to meet the needs of personal computer users in the Greater Seattle Area. KEGS is a nonprofit organization that holds its general meetings on the second Monday of each month.

In addition, KEGS sponsors a number of special interest groups (SIGs) that meet regularly to share common interests, learn new techniques, and resolve questions about the use of personal computer hardware, accessories, or software.

For a detailed listing of our SIG's, updated information about KEGS activities, and more, please see our web site at:
