KOMPUTER ENTHUSIASTS OF GREATER SEATTLE

.As I write this column, it is wet and chilly outside and I'm beginning to get quite tired of the dreary weather associated with the typical Puget Sound area winter. How I wish my wife and I could get away to some sunnier and warmer place for a couple of weeks to get some relief but we have to stay in the area for a while so she can get some medical treatment for a couple of joint/nerve issues. As an alternative to travel, I sometimes find myself looking at the much nicer weather reports for such places as Hawaii and southern Arizona. I can't decide if having quick and easy Internet access to information of this type satisfies my desire for sunshine to some degree or if surfing the net for this type of information just makes the longing to get away for a while even worse. Sometimes the ability to surf the net can be a blessing or a curse depending on one's point of view...

At our most recent meeting of the Board, it was reported that thirty-nine of our KEGS members from last year had renewed their membership for 2016. That number is slightly lower than our member count was at the end of January last year but I want to thank those of you who have renewed for paying your dues so quickly. I strongly encourage those of you who have not yet paid your dues for 2016 to do so as soon as you can. We need your membership, enjoy having you as a member and look forward to seeing each of you at future meetings. You can pay your dues by filling out a renewal form and giving the form and a check for your dues to our Treasurer, John Tate, or by mailing your check and form to our address as shown on the KEGS website. Please be sure to spell out Komputer Enthusiasts of Greater Seattle and follow it with (KEGS) when filling out the address on your envelope. The folks at USPS apparently need both in order to ensure that your letter gets to our P. O. box.

The presentation subject for the February General Meeting is going to be about the use of webcams for security monitoring. I'm sure that, like me, you have seen videos made from security cameras that someone had set up in or near his/her home or place of business. Those cameras sometimes catch some interesting activity and sometimes help catch criminals. If you want to learn more about this type of security monitoring, you'll surely want to come to the next General Meeting. I hope that you plan to attend the meeting on the 8th as I'm confident that you will find the information quite interesting and perhaps even useful if you have any interest in setting up such a system.

At the most recent meeting of the Board of Directors, the members voted to spend some of the organization's money to obtain a larger screen for the use of the SIGs that meet in classroom D at the NBCC. I'm sure that you'll agree that having a larger projection of the images that are used in the presentations that are given there would often be very useful. I don't know when the project to obtain and install the larger screen will be completed but it should be in the near future. If you get a chance, please thank Bob Baxter for his work on this project.

Ron Cowger

That's about it for this month. Don't forget to buy your spouse or significant other a nice Valentine's Day present if you want to stay out of the "dog house." I wish you happy and safe computing and I look forward to seeing you at the General Meeting or at one of the several SIGs that KEGS sponsors.

HISTORY & CONTACT INFO:

KEGS was formed in late 1996 to meet the needs of personal computer users in the Greater Seattle Area. KEGS is a nonprofit organization that holds its general meetings on the second Monday of each month.

In addition, KEGS sponsors a number of special interest groups (SIGs) that meet regularly to share common interests, learn new techniques, and resolve questions about the use of personal computer hardware, accessories, or software.

For a detailed listing of our SIG's, updated information about KEGS activities, and more, please see our web site at:
