KOMPUTER ENTHUSIASTS OF GREATER SEATTLE

**Ron Cowger**

Welcome to April. As I write this column, the weather is sunny, dry and surprisingly warm compared to what we've endured throughout the last six months or so. I don't know about you but our record-setting wet winter was rather dreary for me and I'm more than ready for some sunshine. Bring on the real spring-like weather!

I hope that you found the Windows 10 information that we received via Skype at the last General Meeting of interest and useful. I thought that the presenter was well organized and the information that he presented flowed logically. I know that some of the tips and Windows 10 modifications that were presented were a review for some of you but I also think that Mr. Poplock's presentation included something new for most of us.

It's time to start thinking about the annual KEGS Auction that takes place at our June General Meeting. I encourage each of you to dig around in that closet where you store your computer "stuff" that is not currently in use, or maybe out in your garage, and see if there isn't something in your collection of goodies that you no longer need and that someone else may find useful. As you probably know, we no longer get any contributions of items from hardware or software developers or from computer stores so most of the items that we offer at our auction are contributed by our own members. Please make sure that anything you contribute is complete, including manuals and cables, and is functional. You may give your contributions to a member of the Board or any SIG leader. Also, since most folks don't want old software or hardware for retired operating systems, we are asking that everything you contribute works on Windows 7 or newer systems. Lastly, please label each item that you contribute with the donor's name and a brief description of the item. Thanks in advance for your anticipated, generous contributions.

In support of our preparation for the KEGS Auction we desperately need someone who has some extra room in his/her garage to volunteer to store the items donated until we sort and record them. As we collect items, we will need room along one side of the garage to stack boxes containing the donated items. Then, we have found that sorting and recording of the Auction items works well if we have the space equal to a two-car garage to spread them out and identify the contributions as we develop the spreadsheet list and pack them in boxes for movement to the Auction site. This is about a four-hour operation done a few days before the Auction. If you think you may be able to help, please contact me, Bob Baxter or Sally Ann Mowrey to get more details. Thanks.

KOMPUTER ENTHUSIASTS OF GREATER SEATTLE

## *Prez Says: Continued*

**Ron Cowger**

The most recent figures from John Tate indicate that thirty-nine previous members have renewed their KEGS memberships for 2016. I hope that those of you that didn't get around to renewing yet will do so as soon as possible. Renewal forms are available from John Tate, our Treasurer, or you can fill out the form on the KEGS web site, print it out and send it along with your check to the address shown on the form. Please be sure to spell out Komputer Enthusiasts of Greater Seattle and follow it with (KEGS) when filling out the address on your envelope. The folks at USPS apparently need both components of our address in order to ensure that your letter gets to our P. O. Box. An even easier way would be to bring your completed form and your check/cash to the next General Meeting and give it to John there.

At the last meeting of the Board we decided to award 1,000 KEGaBuck\$ to each new member as he/she joins KEGS. This will allow the new member to have a useful amount of script to use for bidding at the next KEGS Auction even though he/she is new to our organization. Also, in an effort to encourage our new-member recruiting efforts, we have decided to award the current member that introduces a new member to KEGS an amount of 500 KEGaBuck\$ as a recognition of his/her efforts to bring in a new member. This award will replace the discount on the current member's dues that we used to offer as an award for bringing in new members.

We are still working on the project to possibly obtain and sell baseball caps with the KEGS logo on them for use by our members. During the next month or so, you will be asked about your interest in buying a cap, or two, to see if there is enough interest to make the project successful. Please cooperate with the SIG leaders and the Board members as they work to compile the necessary data on this issue. Please do not vote more than once even if you are asked the questions several times. Obviously, we need to make the survey as accurate as possible. Thanks in advance for your help.

That's it for now. I will see you at the General Meeting or at your favorite SIG. I wish you happy and safe computing!

*Ron Cowger — President*

# KEGS GENERAL MEETING AND ASSOCIATED SIGS

## KEGS T-shirts/Vests

Remember, you score extra KEGABUCK\$ when you wear your KEGS shirts to SIGS and the General Meetings! (NOTE: This extra credit is not honored at the PIG SIG.)

We still have a few left of various sizes. Then we will order more. So why wait? Pick yours up at the next general meeting.

### Finding our primary SIG meeting location

**DRIVING INSTRUCTIONS:** Thanks to the improvements to SR 520, you may now use the new NE 40th St exit. If you are driving towards Redmond, exit and turn left to go over the overpass. If you are coming from Redmond, exit and turn right. Go to 148th Ave NE, and turn right. In very short order, you will see the North Bellevue Community / Senior Center sign on the left side of the roadway.

## HISTORY & CONTACT INFO:

KEGS was formed in late 1996 to meet the needs of personal computer users in the Greater Seattle Area. KEGS is a nonprofit organization that holds its general meetings on the second Monday of each month.

In addition, KEGS sponsors a number of special interest groups (SIGs) that meet regularly to share common interests, learn new techniques, and resolve questions about the use of personal computer hardware, accessories, or software.

For a detailed listing of our SIG's, updated information about KEGS activities, and more, please see our web site at:
