I hope that you found the topic of the General Meeting last month to be useful. I thought Carl's presentation on some of the changes and features that were incorporated in the Windows 10 Creators update were quite interesting. I'm not sure that I'm going to use some of those new features very often but it's good to know they are there. Also, I want to mention that I really appreciate Carl's preparation of those many handouts that he creates and prints for our use during and after his presentations. They make wonderful sources to research some of the items covered when, several weeks later, I can't remember exactly what he said about a particular topic. Great work, Carl!

Please remember that our big, annual KEGS auction is just a month away. As in past years, we are seeking donations of functional items that you may have stuck away in the closet, garage or drawer some place because you no longer use/need them. We are seeking software, hardware or other computer-related items that may be of use to your fellow KEGS members. In order to help ensure that we have items that will generate interest, the Board of Directors has developed some guidelines for items contributed. Please do not contribute anything that can't be used with Windows 7 or newer operating systems. If you have software or hardware items to donate, please give them to any member of the Board or to a SIG leader and your contributions will be forwarded to the folks who are setting up the Auction. Also, please label each item with the donor's name and a brief description of the item. Lastly, please include cables and manuals for your contributions. (SIG leaders and members of the Board have labels that can be used for this.) Thanks in advance for anything that you can contribute.

I hope that those of you who haven't gotten around to renewing your membership yet will do so as soon as possible. Remember, unless you've paid your dues for 2017, you cannot win drawing prizes at the General Meetings nor at the SIGs that have them. Also, you cannot participate in the Auction. Renewal forms are available from Dick or you can fill out the Membership Application form on the KEGS web site, print it out and send it along with your check to the address shown on the form. An even easier way would be to bring your completed form and your check/cash to the next General Meeting and give it to Dick, Sally Ann or Bob there.

Thanks again for wearing your nametags to all KEGS meetings. Creating, distributing and our members diligently wearing the nametags have made this a very worthwhile and successful project. My thanks to all of those involved; primarily Larry Ford, Bob Baxter and Gerald Smith, for making this effort work out so well.

Remember, we are still looking for a good suggestion for a new image to incorporate with our KEGS logo (replacing the barrels). Just sketch out your suggestion and give it to a member of the Board and we will discuss it at a future meeting.

That's it for now. I look forward to seeing you at a future SIG meeting as I will miss the next General Meeting. I wish you happy and safe computing! Remember; use good, strong passwords for all sites that contain confidential or financial information. There are many folks of questionable character out there on the Web just waiting for an opportunity to steal your private, personal information and/or your money. Make it hard for them to succeed.

HISTORY & CONTACT INFO:

KEGS was formed in late 1996 to meet the needs of personal computer users in the Greater Seattle Area. KEGS is a nonprofit organization that holds its general meetings on the second Monday of each month.

In addition, KEGS sponsors a number of special interest groups (SIGs) that meet regularly to share common interests, learn new techniques, and resolve questions about the use of personal computer hardware, accessories, or software.

For a detailed listing of our SIG's, updated information about KEGS activities, and more, please see our web site at:
