KOMPUTER ENTHUSIASTS OF GREATER SEATTLE

Prez Says:

Gerald Smith

Welcome to Vaccine month! The North Bellevue Community Center is closed for February. I hope by June we will be able to meet in person again.

Our monthly General Meeting will be on Monday, February 8th, via Zoom. This month's program will be "Fundamentals of Microsoft 365" presented by Rob Truman. He will explain the differences between the various subscription services offered by Microsoft and the one-time purchase. If you want to also find out more about the free service offered by Microsoft, please join us for this informative meeting.

If you have not renewed your membership by now, please do so. Please download the Membership Form on the KEGS website (https://www.kegs.org/sig_files/MEMAPP.pdf) and mail with your check to the address on the form. We always need more members, so please let others know about the Zoom meetings we are offering and all of the free help we offer. Have your photography friends visit the Digital Imaging Special Interest Group.

Recently, we emailed information about the APCUG Virtual Technology Meeting on February 13th. To view the planned presentations and to register, go to <http://apcug2.org>. You will find them very informative.

Don't forget to save your no-longer-used devices for our Auction.

Stay home and keep safe.

Gerald Smith — President
